

YOUTH ENTERPRISE CAMP

What parents had to say about Youth Enterprise Camp!

★ *"After the first year at enterprise camp, my daughter was so confident with her new knowledge that she told me how to start my new business – and I did it!"*

★ *"One of my daughters now wants to create an on-line store, and she is only 10! This seed was planted at camp!"*

★ *"It exposed my daughter to what it would take to open a business and opened her eyes to opportunities. Also, I like that a real banker worked with the kids."*

★ *"My daughter learned she could create anything, which made her think she could start a business one day on her own."*

★ *"My son really liked everything about camp, learning about business without the typical pressure of a school setting and marks, blended with all the fun of a camp."*

★ *"My daughter loved it and now talks about business, marketing, how much she learned, and about meeting kids of like mind. It was very impactful."*

★ *"There are NO business camps in Southern Ontario that I know of. Other parents I tell here think the concept of business camp is cool."*
